

Stewards Privacy Pledge

I, _____, a steward of AFSCME Local 6022, Research Workers United, pledge from _____ onward to handle all grievances, investigatory meetings, or other matters with discretion and consideration of members' privacy, trust, and comfort. As a result, I agree to not search through other stewards' cases unless explicitly authorized by the Chief Steward in service of pursuing a specific case. I agree to not share details of cases outside of the stewards team, and agree to take additional caution when cases are related to harassment, discrimination, or other circumstances that might lead to the involvement of OHSU's Office of Civil Rights Investigations and Compliance (OCIC). Above all, I agree to uphold the Duty of Fair Representation, and pursue cases purely on the basis of merit. I recognize that failure to comply with the Stewards Privacy Pledge may lead to revocation of data access, removal from steward assignments, and/or further disciplinary review.

Signed,
